Bienvenue

At Coventry University, you will be more than a student, you will be part of a global community.

We aim to make a positive change across the world, through ground-breaking research, innovative learning and embracing the diversity of our community. Our students are at the heart of everything we do, which is why Coventry University has a strong and flourishing international reputation.

Go global

Coventry University has more than 13,000 international and EU students studying in the UK and we are a UK number-one provider of overseas student experiences¹. If you are looking for a university that gives you a global outlook like no other, then Coventry could be the place for you.

High-quality teaching

Coventry University's award-winning learning experience, and more, is available to you. In 2019, we were awarded five-stars overall by QS for teaching, employability, innovation, internationalism and inclusiveness². We are committed to developing our research, academic and support facilities so you have every opportunity to succeed. We want to give our students vital skills and experiences, not just in our university, but in our vibrant and diverse student city.

City of Culture

We are delighted that Coventry has been awarded City of Culture 2021. Our city-centre-based campus means you could be immersed in our official year of culture and celebrations. Our city has an international outlook and we have welcomed students from more than 160 different countries to our modern, forward-thinking home.

Life in the UK

The UK government have launched an exciting new graduate route that comes into force in 2021. This route will enable students with a Student visa to work, or look for work, for up to two years after completing their degree. This route will give you, and other students from around the world, more opportunities to work in the UK and put the skills you learn on your course into practice³.

This guide will give you an insight into what it's like to live and study in a global community of learning. I look forward to welcoming you to Coventry University soon.

Professor John Latham CBE

Vice-Chancellor and CEO, Coventry University;
Extraordinary Professor at Stellenbosch University

A global community

Ranked top 30 in the world for international students¹, you'll have the opportunity to meet people from all over the world.

This map shows the home countries of our student body. In 2019/20, we had students from nearly every country coming to study with us.

'Coventry University provides a great mixture of dynamic and rewarding teaching, fulfilling opportunities, and a bright and optimistic environment.'
Leonor Gomes, Portugal.

'We have become like a family on this course. I can go in and ask questions, get honest feedback from my peers and rely on them if I have any trouble.'
Dilyana Valtchanova, Bulgaria.

'I was able to go to Brazil with the university and I honestly think that it changed my life – to be able to go out there, apply my studies and make new friends is incredible.'
Michael Babadi, Nepal.

'The people you meet at Coventry are supportive and friendly. There's a wide range of diversity here and you get to meet people who come from different backgrounds.'
Sophia Mie Jimura, China.

'I feel the best thing about being a student at Coventry University is being an independent individual. Being away from home has taught me to be more independent and focused on my career.'
Nitshita Santosh Shetty, India.

¹QS World University Rankings 2021

Why Coventry?

When you choose Coventry, you're choosing our renowned academic and student support facilities.

Employability focused

It takes confidence to walk into an interview and believe you're the best candidate for the job. At Coventry University, we can help to support you towards this kind of success. In addition to 97% of our students being employed or in further study¹, we have been awarded the highest QS stars rating for employability of five stars. We want our graduates to have a competitive edge which is why many of our courses are accredited by internationally recognised organisations, such as the Chartered Management Institute (CMI) accreditation² (see page 19).

Teaching excellence

Our teaching staff know what it takes to succeed. Having impressive professional backgrounds in various industries, they will strive to challenge and inspire you. In 2017, we were awarded the top accolade of Gold in the Teaching Excellence Framework (TEF), a government ranking of how well students are taught at UK universities.

Your student experience

You can expect a lot from your student experience here. We were the University of the Year for Student Experience (The Times and Sunday Times Good University Guide 2019) because we aim to enrich your student life by offering support as you try new things.

Worldwide reputation

Coventry University is a truly global university. We currently have more than 13,000 international and EU students studying with us in the UK and have welcomed students from over 160 different countries. We also have in excess of 16,000 students studying in collaborative partnership institutions spread across more than 36 countries around the world. This means students may be awarded a higher education qualification from Coventry University within their home country.

Go global

Our Centre for Global Engagement (CGE) is a dedicated team that offers global opportunities in a choice of over 100 countries. We offer short courses at our partner institutions in New York, Brazil, Japan and many more locations³. You could also participate in collaborative opportunities with industry leaders through our popular Global Leaders Programme (GLP)³. The programme is designed to develop global leadership skills with advanced workshops, global networking and international experience. International trips may be available to North America, Europe, South America and Asia³.

¹DLHE Survey 2016/17, (published 2018).

²CMI accredited modules are currently undergoing a renewal process. Please see page 19 for more details.

³Subject to your chosen course of study, availability, competitive application and visa conditions (if applicable). Additional fees, expenses and costs may apply.

Student city

Coventry is bursting with culture and history, which are just two reasons it was awarded City of Culture 2021.

— Top 5 UK — Student City

QS Best Student Cities Index 2019

Coventry is famous for many things – including Lady Godiva, the magnificent cathedral and our acclaimed Transport Museum. It's the birthplace of 2-Tone music and jet engine pioneer, Sir Frank Whittle, and has attracted the attention of car manufacturing giants like Jaguar and Chrysler. We are also the home of the iconic black cab taxi.

In 2018, we celebrated 175 years in Coventry. We've evolved from humble beginnings as a Design School with around 50 students in 1843 to a global institution today, with around 30,000 students across the UK alone. You're choosing a global city as well as a global university – and ours has a truly international and modern feel.

Scan the QR code to learn more about why Coventry is the **City of Culture 2021**

Multi-million-pound investments have transformed the city and future developments include a £59m central business quarter and £300m city-centre improvement scheme with shops, a cinema, hotel and apartments.

Retail

Coventry is a popular location for shopping with an impressive selection of shops. It caters for all tastes, from luxury brands, high-street favourites and independent retailers to an impressive selection of markets. The proximity of our urban campus makes it easy to enjoy your favourite places.

Entertainment

Events in Coventry are as exciting as our city. There are so many things to do, see and experience with events happening weekly. We have sporting events at the Ricoh Arena, theatre shows, live music and museum exhibitions. If you're feeling adventurous, take a dive and visit our waterpark or paintballing, ice-skating, go karting and virtual reality experiences.

Food

Coventry has cafés and restaurants to suit every taste. In the city centre alone, you could sample Middle Eastern, Caribbean, Indian, British, Asian, Italian, French, Japanese, Latin American and American food, and more. Not to mention our dessert parlours. Many of our students love studying in cafés, watching the world go by while enjoying a warm coffee.

Explore our campus and beyond

Coventry is centrally located in the UK and has excellent transport links. Coventry railway station is just a 10-minute walk from campus. It is connected to local stations and is on the mainline from Birmingham to London Euston. Birmingham Airport is the closest international airport to Coventry, and is just a short train or bus journey away. The closest London airports are Luton and Heathrow.

If you fly into Birmingham or London Heathrow Airports, we offer a free airport transfer service. Find out more about the service at www.coventry.ac.uk/airport-transfers

Scan the QR code to take a **virtual tour** of our campus, facilities, accommodation and the city centre.

Student support

At Coventry University, we put the academic and welfare support of our students at the heart of everything we do.

Our student services are here for you if you need them, and our trained staff are happy to answer your questions or be a friendly face to talk to. Across the campus, you will find staffed Information Points that are designed to support you with a range of queries. We offer academic support in:

- academic writing and learning
- maths and statistics
- IT/ PC support
- free and/or paid additional courses enhancing digital, technology, creative and business skills.

We offer welfare support in:

- counselling and mental health services
- disability support
- medical care
- 24/7 security across our campus and accommodation
- spiritual support
- Coventry University Nursery
- physical health through our sports and recreation centre.

**Outstanding
Library Team**

Times Higher Education Leadership
and Management Awards 2017

Sigma

Coventry University's Sigma team is a national leader¹ in the field of student support in mathematics and statistics, with over 30 years' experience. Sigma is delivered by a small but committed team and offers all Coventry University students additional help with maths, over and above normal teaching.

International support

Our International Student Support team of trained advisers are here to help you before you arrive, while you settle in and during your studies. They can assist you with a range of subjects, such as pre-arrival, visa, immigration, housing and post-study advice.

For more information, you can email the team at studentsupport.io@coventry.ac.uk or visit www.coventry.ac.uk/international/support

Centre for Academic Writing (CAW)

Our dedicated Centre for Academic Writing (CAW) is on hand to provide guidance on all your writing tasks throughout your degree, including your dissertation and exam papers.

Award-winning library

The Lanchester Library is one of our many award-winning buildings, open 24 hours a day, 364 days a year. Filled with private and group learning studios, you will find a place to perfectly suit your study needs across an impressive five floors of library space.

The library has recently been refurbished to include a café and more group-work spaces alongside:

- 1,400 individual study spaces
- over 500 computer workstations
- free laptop loans
- free Wi-Fi
- access to over 720,000 learning resources at your fingertips, from ebooks and e-journals to print and multimedia resources
- academic liaison librarians, providing extra learning support through class teaching and one-to-one appointments.

¹Centre for Excellence in Teaching and Learning, Times Higher Education award for Outstanding Support for Students in 2011

Our courses

Study options

We offer a wide range of undergraduate and postgraduate courses, as well as foundation, top-up and pre-sessional English options. To give you more flexibility, we have multiple entry points throughout the year. Our Coventry and London university campuses have intakes in January, May and September.

Coventry University provides English language tests to support students wanting to study a degree programme with us.

Foundation courses and pathways

If you don't currently meet the entry requirements for your preferred degree course at Coventry University, ONCAMPUS Coventry offers foundation courses that aim to prepare you for your chosen course. ONCAMPUS are partnered with Coventry University to deliver pre-university courses to international students.

ONCAMPUS courses include English language teaching and there are different course options to meet your subject needs. The courses are listed below, and there are several intakes throughout the year.

- International Foundation Programme
- Intensive International Foundation Programme
- International Year One Programme
- Master's Qualifying Programme

Pre-sessional English courses

If your existing level of English or IELTS score is below the entry standard we require for a degree, we offer a range of pre-sessional English courses. We designed these courses to help you meet the required level in the four skills you need to progress: reading, writing, speaking and listening.

The table below will help you to work out which course is right for you. The length of the course you will need will depend on your current level of English proficiency, along with the entry requirements of your intended degree.

Your current level	Minimum component level	IELTS score required	Length of Pre-sessional English course
4.5	4.0	6.0 Undergraduate courses	30 weeks
5.0	4.5		15 weeks
5.5	5.0		10 weeks
6.0	5.0		5 weeks
5.0	4.5	6.5 Top-up and postgraduate courses	30 weeks
5.5	5.0		15 weeks
6.0	5.5		10 weeks
6.5	6.0		5 weeks

Career prospects

Gain access to the graduate jobs market and expand your career possibilities.

After you graduate, we want you to feel confident in the skills you have learned - whatever path you decide to take. From entering the world of work, changing your career path or starting your own business, our courses, support and work experience opportunities aim to give you a competitive edge.

Talent Team

Our interest in your success extends beyond the classroom and we have invested heavily in assisting our students to progress to successful careers. Our Talent Team offers dedicated employability and work placement support for Coventry University students, alongside a range of services including:

- one-to-one support
- drop-in sessions for CV, application and personal statement checks
- skills development workshops
- mock interviews
- assessment centre and psychometric testing training
- employer and networking events.

Joint top
Modern University
for career prospects

Guardian University Guide 2021

Enterprise Hub

If you strive to create the next Uber, Snapchat or Weibo, our Enterprise Hub can offer you entrepreneurial support. It can advise you on skills development, or if you're thinking of starting a business or becoming self-employed, it can support you through networking, workshops and events.

Add+vantage

Our 'Add+vantage' scheme is dedicated to helping you develop your career plans and achieve your goals. Our Talent Team works closely with our academics to ensure that employability skills are embedded into our curriculum. Most of our courses include the university's Add+vantage scheme. You can choose from: learning a foreign language, entrepreneurship, or enhanced research skills. You could also do some work experience, join international field trips, gain a professional accreditation or study towards industry qualifications¹.

For further information, please visit www.coventry.ac.uk/addvantage

Placements

Coventry's industry links help us to provide you with the best possible placement and employment opportunities, with our Talent Team support staff having connections across various industries. We know what a big difference work experience and placements can make to your career prospects. You can undertake a year-long placement in your third year, or short placements throughout your course¹. We will help you to gain the valuable experience needed to give you a competitive edge when entering the employment market.

Professional accreditations

Coventry University is the first university to offer the Chartered Management Institute (CMI) module for the vast majority of our postgraduate courses in the UK². The CMI is internationally recognised and highly valued by employers as it reflects the exceptional standards of our learning. Coventry University is accredited by many professional institutes. If your course is accredited, it will be listed on our course webpages.

¹Please refer to the degree course for specific information relating to your study choice and module availability. Work experience/ international field trips are subject to availability, application and additional costs.

²Coventry University's accreditation with CMI is currently ongoing for the relevant modules, but is frequently reviewed and monitored by the CMI through their quality systems. If any changes occur with respect to our accreditation related to these modules, we will seek to notify applicants and students as soon as possible.

Accommodation

Coventry offers a range of comfortable, safe and high-quality accommodation options, purposefully designed to meet your needs.

Living in student accommodation is a brilliant way to transition into university life. Most university-owned/managed accommodation is either on campus or very close to the university and city-centre.

Our accommodation service, FutureLets, has a wide range of comfortable, secure and reasonably priced accommodation, which includes university-owned/managed accommodation and private lettings in Coventry. FutureLets takes the stress out of moving away from home by helping you find a place that suits your needs and your budget.

Depending on whether you prefer en-suite/shared facilities and catered/self-catered accommodation, costs range from £125-£200 per week. The cost of all our university-owned/managed properties include:

- utility bills
- Wi-Fi internet
- free membership to the university gym.

You can also enjoy the social aspect of living in university-owned halls in dedicated social spaces, with pool tables, sofas and games consoles on site.

As an international student, we recommend you submit your online application for accommodation as soon as possible. Once you receive your CAS letter and show evidence of this, we will send out an offer of accommodation (subject to availability).

Please note that these fees relate to the 2020/21 academic year and are intended as a guide only. The offering in this prospectus is also subject to change. Please check the website for up-to-date information before you apply. Where there is a difference between the prospectus and the website, the website content will take precedence and will represent the basis on which we intend to deliver our services to you.

How to apply

Applying to Coventry University is a quick and easy process. You can apply online by following the link from any course page on our website. Alternatively, you can download an application form and return it by email to applications.io@coventry.ac.uk.

The International Office will need the following documents in order to make a decision on your application:

- All updated/complete academic transcripts
- Copies of degree/diploma certificates or work reference if employed
- One academic reference on letter-headed paper and signed by your referee
- Your English language test score (IELTS or equivalent)
- Your personal statement
- Copy of your current passport.

The application process can vary slightly depending on the course you apply for, but the main steps are:

Scan to find out more or apply

IELTS

You are likely to need a minimum IELTS score, or an equivalent English language qualification, for entry onto our undergraduate, top-up and postgraduate courses. To help you achieve this, we offer pre-sessional English courses (see page 17).

If you need a visa to study in the UK, you will need a Secure English Language Test (SELT) certificate in order to gain entry onto a pre-sessional English course. You must sit an IELTS test at a test centre that is approved by UK Visas and Immigration (UKVI) to deliver a SELT.

To find out more information including fees, visit www.coventry.ac.uk/pse

International Office Student Support Team:
T: +44 (0)24 7765 2010
E: studentsupport.io@coventry.ac.uk

Entry requirements

Each of our courses have a unique set of entry requirements that you'll need to meet to gain access to the course. We're here to help you understand which qualifications, diplomas and certificates you can use from your own country to meet our entry requirements.

To view entry requirements for your country, and to find contact details of your regional team, visit www.coventry.ac.uk/regional

So that you get the best from your studies, some courses may have different or extra entry requirements. For example, you may need a higher level of English language, or you may need to provide a portfolio of work. You can see more about these on individual course pages.

If you would like to talk to an adviser online, we also offer a Live Chat service at www.coventry.ac.uk/international-chat

Coventry University will act in accordance with the UK's laws in relation to student tuition fees and finance following the UK's planned exit from the European Union. This may affect student status, eligibility to study part-time and/or their eligibility for student finance.

Fees and funding

As an international student, you may have some concerns when considering to study in another country. Some of these may include costs such as living expenses and course fees.

The following section will provide you with information around fees and what financial support is available.

Please refer to the specific course pages on our website for the latest and most accurate information regarding detailed entry requirements and tuition fees or contact us directly at generalenquiries.io@coventry.ac.uk.

Our scholarships

We believe in rewarding academic excellence and encouraging students to fulfil their potential. That is why we continually invest in a range of financial awards to help students with their tuition fees.

The scholarships we offer can vary for every intake, but are typically split into three categories¹:

- elite scholarships usually cover all of your fees, but these are extremely limited
- excellence scholarships are merit-based (typically academic performance) and contribute to your fees
- development scholarships are available for certain courses or nationalities and contribute to your fees.

Alumni discount

All graduates of Coventry University can receive a discount of up to 15% from the full-time fees payable for their postgraduate programme. This discount can be claimed on top of any scholarship received, up to a maximum combined amount of £2,000.

Tuition fees

Tuition fees are calculated per year of study and can vary depending on the course you are looking to study. For international students, the majority of our courses vary between £13,900-£15,100 for September 2020. Prices may change due to inflation and governmental factors. At the time of printing this guide, fees for courses starting in September 2021 have not yet been set, so please check our website regularly for the latest information regarding tuition fees.

Cost of living

As well as your course fees, you'll also need to consider the cost of living at university. Your cost of living will depend on your lifestyle and spending patterns. Reassuringly, Numbeo.com, a worldwide database, listed the cost of living index in Coventry as 20% lower than in London in August 2018².

Scan to find out more

¹All scholarships are subject to availability, meeting specific criteria and competitive application.

Marketing and Management

Covering the disciplines of marketing, human resources, events and sport, the School of Marketing and Management can lead you to a fulfilling career in a range of fields. We want to unlock your potential and our modern technology and facilities help to achieve this through hands-on practical assignments. Our DigiComm Lab is a creative space for you to use and learn about industry-standard marketing and advertising software, social media platforms and Adobe applications. All of our courses aim to develop your business skills for specific sectors, such as the sports industry, to help prepare you for your graduate career.

The school covers a broad range of subjects including:

- marketing
- human resources
- sport management
- events and hospitality management.

Here are some of our accreditations and endorsements.

We are ranked top 5 in the UK for Hospitality, Event Management and Tourism in the Guardian University Guide 2021

Graduates have gone on to work for: **Nike, L'Oreal, NEC, Rolls Royce, Procter and Gamble, Microsoft, South African Airlines** and more.

'After completing the course, I can safely say it has given me all the knowledge and experience I need to feel confident in entering the industry.'

Charlie Jones,
Sport Management BA (Hons)

Undergraduate course list

Postgraduate course list

Strategy and Leadership

Businesses need brilliant minds. With a track record for business education that spans more than 50 years, our courses aim to prepare you for the real world by giving you the chance to learn about a variety of business disciplines. You will have the opportunity to enhance your personal development and employability prospects through our student support services. In our International Centre for Transformational Entrepreneurship (ICTE), based within Coventry Business School, our teaching is informed by the latest entrepreneurial thinking, while our Business Simulation Suite allows you to put theory into practice through simulation.

The school covers a broad range of subjects including:

- business administration
- business management
- international business
- entrepreneurship.

Here are some of our accreditations and endorsements.

We were ranked Top 250 in the World for Business and Management Studies in the QS World Rankings 2020

Graduates have gone on to work for: **National Grid, TNT, Ford, Opel, Royal Mail, Jaguar Land Rover, Mitchells and Butler** and more.

'The things I enjoy most about my course are the current, relevant industry examples that my lecturers use to explain the topics.'

Sabrina Tamang,
International Business Management BA (Hons)

Postgraduate course list

Law

At Coventry Law School, we want to provide you with a range of innovative courses that will equip you for your future career. Law has been taught at Coventry University for more than 50 years and we pride ourselves in providing an immersive learning experience. Our courses are designed to give you the practical tools you need to pursue a legal career or develop your mindset for a career in business. Through our Legal Clinic, you will have the opportunity to work alongside practising lawyers to offer legal advice to the local community (subject to terms and conditions). Our very own Moot Room gives you the chance to practise your legal skills in a realistic, courtroom environment.

The school covers a broad range of subjects including:

- law
- international corporate law
- international law and human rights.

With over 50 years experience teaching Law, you can enhance your skills with practicing lawyers and using our very own Moot Room

Coventry Law School is a member of the **International Association of Law Schools**, covering **160 law schools** from **55 countries**.

'You have modules on employability every year because the university understands how important and competitive the legal industry is today.'

Chloe Wilkes,
Law LLB

Here are some of our accreditations and endorsements.

Undergraduate course list

Postgraduate course list

Check our course pages online to see any accreditations awarded. Not all courses are accredited/endorsed by the institutes listed, please check our course pages to find out more.

Life Sciences

Our teaching staff have a passion for exploring and understanding the science of life and inspiring others to do the same. We are committed to providing you with a learning environment that supports you on a journey of life-changing learning and exploration. The Alison Gingell Building features a suite of analytical, biological and sport science laboratories – including one of the largest Class II containment teaching laboratories in Europe – where you can gain hands-on experience in cutting-edge industry techniques.

The school covers a broad range of subjects including:

- biosciences
- sport and exercise science
- food sciences
- sports therapy
- forensic science.

We are ranked 6th in the UK for Food Science, 14th for Forensic Science and 17th for Sports Science in the Complete University Guide 2021

Graduates have gone on to work in: **biotechnology, pharmaceutical, environmental, geotechnical and waste treatment industries** and for companies such as **Viola Environmental, Severn Trent Water, Key Forensic Services Ltd, Pfizer, the NHS** and more.

'My degree has given me the chance to broaden my horizons by meeting so many people from all over the world.'

Milda Siaudvytyte,
Biomedical Science BSc (Hons)

Here are some of our accreditations and endorsements.

Undergraduate course list

Postgraduate course list

Check our course pages online to see any accreditations awarded. Not all courses are accredited/endorsed by the institutes listed, please check our course pages to find out more.

Psychological, Social and Behavioural Sciences

The School of Psychological, Social and Behavioural Sciences is committed to developing a better understanding of human behaviour within a social context, looking at how to support people in need, including some of the most vulnerable people within our society. Our courses will offer you many opportunities for this by exploring our latest research, global networks and partnerships or experimenting with the latest technology in our laboratories, that will help you to become a leader of the future. Our courses are a mixture of theory, laboratory-based experiments, workshops and tutorials to give you a well-rounded learning experience.

The school covers a broad range of subjects including:

- psychology
- criminology
- forensic investigations
- childhood youth and education studies
- social work.

Here are some of our accreditations and endorsements.

We are ranked 6th in the UK for social work courses in the Guardian University Guide 2021

Graduates have gone on to work for: **British Red Cross, The Children's Society, The National Crime Agency and Warwickshire County Council** as **researchers, counsellors, psychologists, case workers** and more.

'The teaching is interactive and interesting because it is not repetitive.'

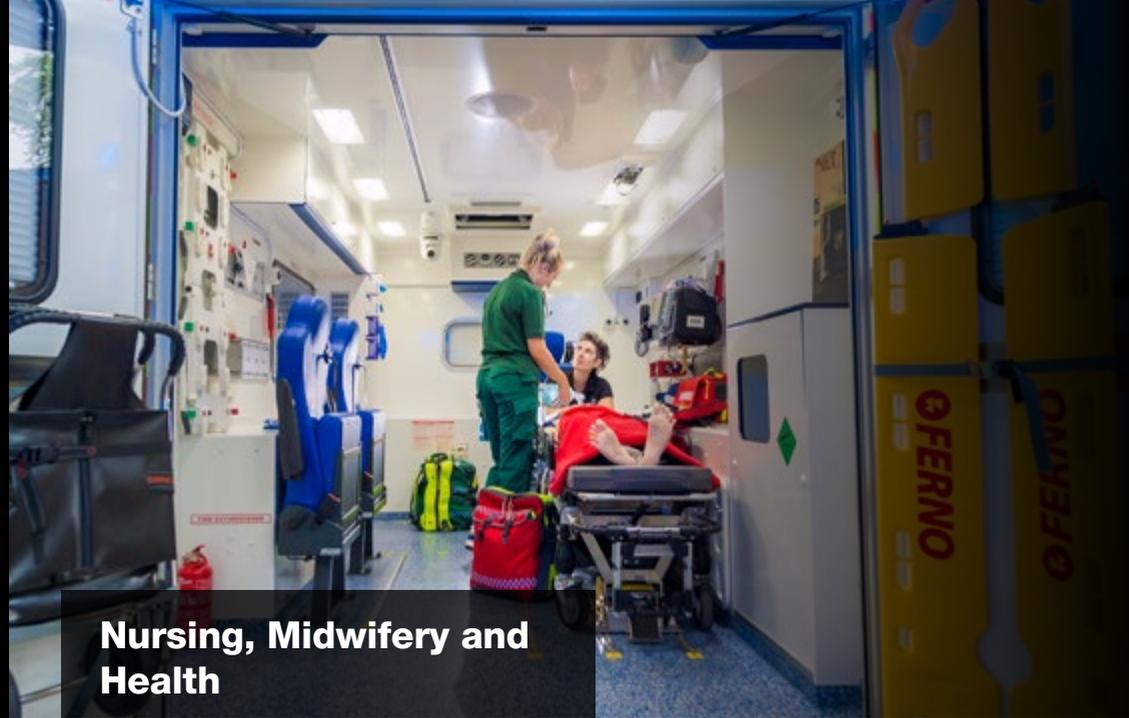

Diana Nazir,
Forensic Investigations BSc (Hons)

Undergraduate course list

Postgraduate course list

Nursing, Midwifery and Health

We are training the health and care leaders of the future and have invested in technologies and innovations so you can pursue a career as a health and care professional. Our state-of-the-art facilities include a replica ambulance, operating theatre, hospital wards and therapy suites to simulate real-life situations you would experience in a healthcare career.

The school is one of the largest in the university, with subject areas including:

- nursing
- midwifery
- physiotherapy
- occupational therapy
- dietetics
- paramedic science
- operating department practice
- public health.

We are ranked 7th in the UK for Physiotherapy, and for Nursing and Midwifery in the Guardian University Guide 2021

Graduates have gone to work as **practitioners in public and private sectors, as well as nurses, physiotherapists, paramedics and midwives. You could also work with the relevant service users in hospitals, doctors' surgeries and community healthcare settings.**

'The facilities give a great feel for how a ward will be set out.'

Harry Robson,
Adult Nursing BSc (Hons)

Energy, Construction and Environment

We offer bespoke courses, designed with employability in mind, to give you the skills and training to work with organisations across a range of sectors. You will have access to our commercial and industrial-standard workshops and facilities such as our Simulation Centre, allowing you to gain experience through live projects. We offer advanced training and development through our courses and facilities, giving you the chance to build on your experience and skills. We also have an environment chamber which simulates climate conditions, and laboratories to suit your course needs.

The school covers a broad range of subjects including:

- civil engineering
- building
- geography and environment
- disaster management and humanitarian engineering
- oil, gas and energy.

Here are some of our accreditations and endorsements.

We are ranked 1st in the UK for Building and Town and Country Planning and are in the top 30 for Geography and Environmental Studies in the Guardian University Guide 2021

Graduates have gone on to work for: **Jacobs, HOK, Arcadis, Atkins, Mace, Galliford Try, Arup Group, Oxfam GB, the Meteorological Office, Commonwealth Office and more.**

'I encourage anyone considering taking a placement to make use of the Talent Team who will support you in getting your placement.'

Clarice Davu,
Civil Engineering BSc (Hons)

Computing, Electronics and Mathematics

Our teaching and facilities at the School of Computing, Electronics and Mathematics give you the opportunity to develop your problem-solving skills by combining real-world examples with a solid theoretical foundation. Our state-of-the-art facilities allow you to experiment and learn with new and innovative technology. The new Beatrice Shilling building spans four floors and includes a gaming and virtual reality studio, a specialist area for 3D printing and rapid prototyping, a laser facility, and physics and electronics laboratories.

The school covers a broad range of subjects from:

- computer science and engineering
- data science and artificial intelligence
- electrical and electronic engineering
- games technology
- cyber security
- mathematics
- physics.

Here are some of our accreditations and endorsements.

Join us in our brand new £25m Engineering, Environment and Computing building, opened in 2020

Graduates have gone on to work for: **National Grid, Jaguar Land Rover, Blackberry, IBM, JLR, PX Group and more.**

The school has extensive work placement opportunities - one of our students, Hameed, an Electronic Engineering BEng (Hons) student, worked at the largest UK based manufacturing facility for the largest Japanese automotive company, DENSO.

Mechanical, Aerospace and Automotive Engineering

The School of Mechanical, Aerospace and Automotive Engineering enjoys a global reputation for teaching, student experience and research. Our award-winning, £50m Frank Whittle building has a range of high-performance facilities, such as a wind tunnel built by the Mercedes AMG Petronas Formula One Team, three flight simulators, and a full-size Harrier Jet. Our research facilities have access to next-generation prototypes. Owing to its engineering heritage and being the historic heart of the British car industry, the city centre is also home to Coventry Transport Museum, which has the largest collection of British vehicles in the world. The school covers a broad range of subjects including:

- automotive, mechanical and motorsport engineering
- manufacturing engineering
- engineering project and supply chain management
- aerospace engineering and technology
- aviation and air transport management.

Here are some of our accreditations and endorsements.

We are ranked 12th in the UK for Mechanical Engineering in the Guardian University Guide 2021

Graduates have gone on to work for: **Emirates, Jaguar Land Rover, Airbus, Rolls Royce, Unipart, Birmingham International Airport** and more.

'My work placement has helped to build my network and interest in my course.'

Art and Design

Educating leading artists, designers and creative thinkers since 1843.

The School of Art and Design has designed courses to challenge you intellectually, creatively and artistically. Our experienced teaching staff and technicians mix cutting-edge and traditional technologies to guide and challenge your learning and development. You can immerse yourself in our creative environment and experiment in our facilities, including printing and fashion studios, laser-cutting rooms and a clay workshop. At the end of your course, you can showcase your work to a variety of guests from the creative industries at our annual degree shows, which celebrate the creativity and craftsmanship of our students. The school covers a broad range of subjects including:

- architecture
- fashion
- art and illustration
- automotive, product, interior and graphic design.

Here are some of our accreditations and endorsements.

We are ranked top 10 in the UK for Architecture and top 20 for Design and Crafts in the Guardian University Guide 2021

Graduates have gone on to work for: **Jaguar Land Rover, Marvel Studios, Aston Martin, GMP Design, the Royal Shakespeare Company, ASOS** and more.

'I love so many different parts of my job now. The aspect that I enjoy the most is the variety and creative freedom it offers me.'

Humanities

We want our students to engage with humanities in creative and insightful ways and to make a positive impact on the world. Our teaching staff are research active and bring our courses to life by focusing on contemporary issues, using innovation and activity-led learning, which help develop your imagination and critical skills.

The school covers a broad range of subjects including:

- history
- sociology
- english linguistics and literature
- politics and international relations.

Our new Faculty of Arts and Humanities building will provide world-class teaching spaces, including highly flexible and immersive media facilities and an expansive gallery space, open to the public. The building should be open from Autumn 2022, meaning you could be one of the first students to use the new building.

Media and Performing Arts

Our courses are designed to help you build the expertise to succeed in the fast-paced 21st-century media industry, and enter a creative profession.

The School of Media and Performing Arts has special facilities including music, radio and theatre studios and a TV studio complete with a green screen. You can gain experience through The Student Media Society, who give you the chance to work on its radio, TV or news platform.

The school covers a broad range of subjects including:

- media production and communications
- photography
- theatre
- music
- journalism.

We are ranked 2nd in the UK for Journalism, Publishing and Public Relations, and 9th for Film Production and Photography in the Guardian University Guide 2021

Graduates have gone on to work for: **The Walt Disney Company, Hollywood executive producing, ITV, BBC, Belgrade Theatre, Imagineers, Theatre Absolute** and more.

'The best things about being a student at Coventry are the diversity and the wealth of resources. The facilities on my course are amazing.'

Yasmine Summar,
Journalism BA (Hons)

Ranked Top 20 in the UK for Creative Writing in The Times and Sunday Times Good University Guide 2020

Graduates have gone on to work for: **European Parliament, UNICEF, Greenpeace, the Latvian and Sudanese embassies, Islamic Relief, Citizens' Advice Bureau, Rochester Prison** and more.

'One of the best feelings I've had while on my course is feeling challenged and when you feel challenged, you grow.'

Top-up courses

We offer courses that enable you to 'top-up' your existing qualifications to gain a full undergraduate degree. Top-up courses can help to fulfil your career ambitions if you require an Honours degree qualification.

You could progress onto the final year of an Honours degree course with a top-up degree if you have successfully completed:

- a Foundation degree
- a Higher National Diploma (HND)
- an equivalent qualification.

You can also join some courses in the second year if you have a Higher National Certificate (HNC) or equivalent credits.

Topping up your current qualification to an Honours degree can improve your employability and help you to progress your career. We have multiple intakes throughout the year, making it easier for you to improve your knowledge and skills.

Study 100% online

If you're looking to study a postgraduate degree and are unable to physically travel to the UK, then Coventry University Online could be for you. Coventry University Online aims to fit around your schedule and can be studied from anywhere in the world. Provided through FutureLearn, you will have full online access to our teaching, tutor support, and all of the study materials you need. All of your lectures and assessments take place online too, so there is no need to attend one of our campuses.

Our highly accredited online degrees offer a more affordable, flexible and accessible way to gain an internationally recognised and respected qualification.

Not only is Coventry recognised globally for delivering outstanding online degrees, it is also the only UK university rated 5 stars in the QS Stars Online Learning Assessment 2020. That means we know how to offer a rich and immersive learning experience, all from your laptop, phone or tablet.

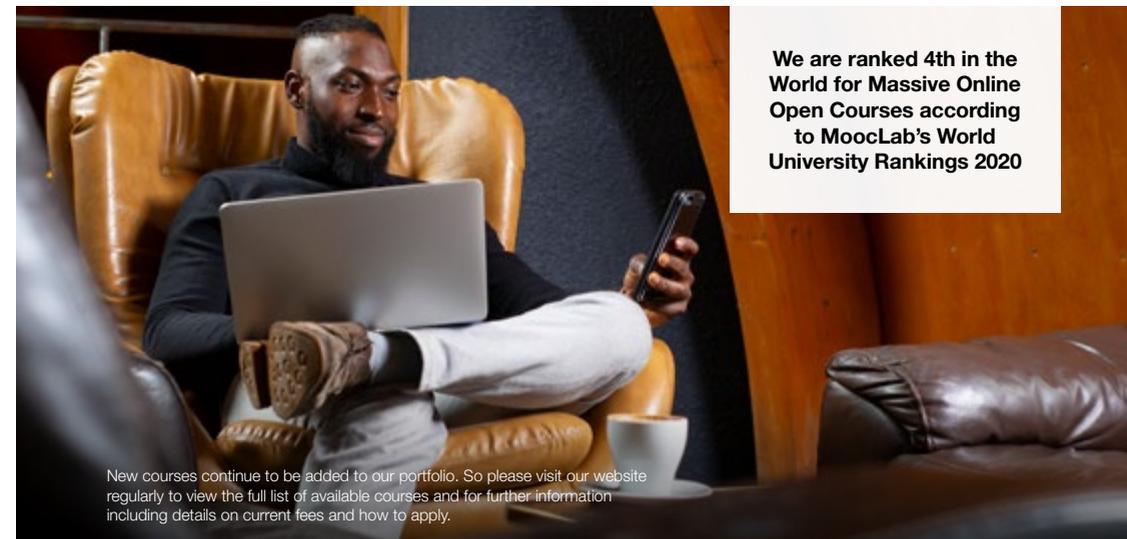

Scan to see our 100% online degrees

Our online courses deliver the same content, to the same standards as our on-campus courses and offer:

- affordable payment options, with pay-as-you-go instalments
- easy application process and three intakes throughout the year: September, January and May
- flexible learning to study at a time and place that suits you, allowing you to advance at work, switch careers or tend to other commitments while learning
- highly interactive and engaging online delivery. All the information you would need to complete your course will be in one place, all from the comfort of your home.

We offer a range of 100% online degrees in the following subject areas:

- business
- cyber security and AI
- educational leadership
- global logistics
- nursing
- marketing and analytics
- management in business, healthcare, construction, disaster and resilience.

We are ranked 4th in the World for Massive Open Courses according to Moolab's World University Rankings 2020

New courses continue to be added to our portfolio. So please visit our website regularly to view the full list of available courses and for further information including details on current fees and how to apply.

Coventry University London

Studying at Coventry University doesn't only mean studying in Coventry. We have campuses in various locations throughout the UK, including in our capital city - London. By studying here, you can immerse yourself in one of the most successful business and financial centres in the world.

Coventry University London offers a range of business and management courses at different levels, from undergraduate and top-up to postgraduate and MBA courses.

We offer work experience opportunities on all our courses¹, which present rich real-world experiences and skills. Being in the heart of London means you can take advantage of the opportunities that come with living in the nation's capital. You can develop your business skills through a range of experiences, from work-based learning in global organisations to our networking events with industry leaders (subject to availability)¹. We currently have relationships with a large number of employers, including The Ritz London, Genesis, Deloitte and Barclays.

Our academic staff are friendly with considerable industry experience. From guest lectures and masterclasses, to a refined and modern curriculum, our courses are designed to be relevant to the fast-paced world of business in a highly engaging way.

Our campus is just minutes from the Bank of England, the London Stock Exchange and many other world-leading organisations. Our virtual tour gives you a 360 degree perspective of where you could be studying, just scan the QR code below.

Scan to go on a virtual tour of **Coventry University London**

World's top student city²

London is an iconic city. With so much to do and see, it is the perfect choice for those wanting to experience big-city life while studying. There are over 300,000 students in London, and it is easy to see why it has been ranked as the world's number one student city².

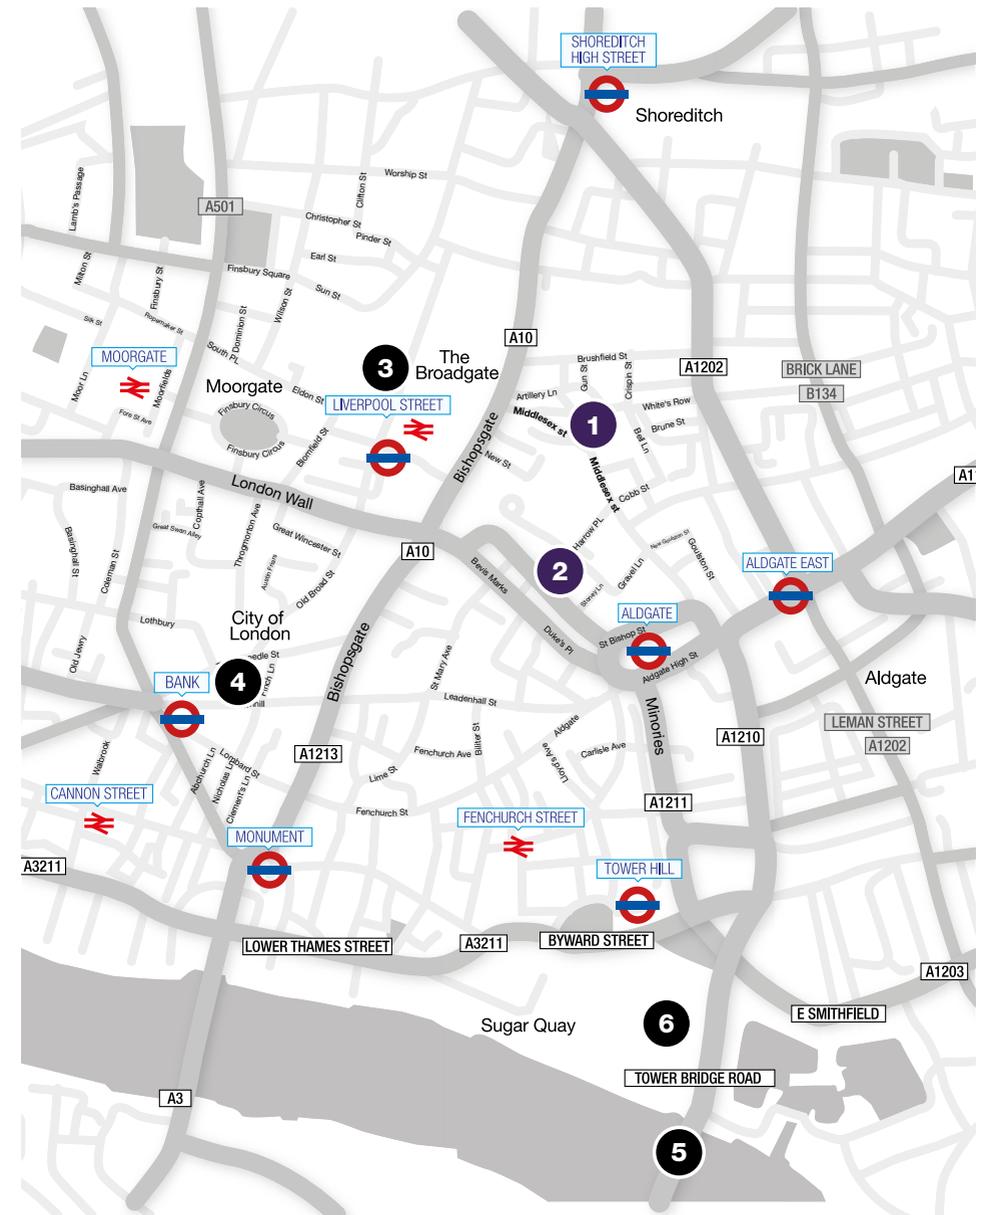

Take advantage of the countless free attractions that London boasts and visit iconic landmarks like the Tower of London, Houses of Parliament, Buckingham Palace, the London Eye and many more. You will also find world-class restaurants, museums and art galleries a short distance from your classroom and your home.

Coventry University London offers safe and comfortable accommodation options that are close to campus, local shops and amenities. By booking through our accommodation team, you will be able to take advantage of discounted rates while living in a central London location that is safe and placed conveniently (subject to availability).

¹Subject to availability, a competitive application process, any applicable visa requirements and additional costs. Please note we are unable to guarantee any placement or study abroad opportunities.

²QS Best Student Cities Index 2019

Coventry University London courses

We offer a range of undergraduate degrees; our BA (Hons) and BSc (Hons) courses are in the following subject areas:

- economics and finance
- marketing
- fashion, business, events and hospitality management.

BA (Hons) (Top-up) courses in the following subject areas:

- accounting and finance
- business
- marketing
- fashion, marketing and hospitality management.

Our postgraduate MSc and MBA courses are in the following subject areas:

- business and enterprise
- finance and accounting
- human resources
- marketing and analytics
- fashion, business, events and hospitality management.

Entry requirements

See page 22 for more information or check our course pages online by scanning a QR code.

Duration

BA (Hons) and BSc (Hons) courses: 3 years full-time or 4 years sandwich study (study abroad/ work placement)

BA (Hons) Top-up courses: 1 year full-time

MSc and MBA: Full-time as standard (12 months), though part-time may be available for EU students. Terms and conditions may apply.

EU students should be aware that there may be a change to UK laws following the UK's exit from the European Union. This may change their student status, their eligibility to study part-time, and/or their eligibility for student finance. Coventry University will act in accordance with the UK's laws in force in relation to student tuition fees and finance at that time.

This course content is correct at the time of going to print. We regularly review our course content, to keep it relevant and current for the benefit of our students. For these reasons, course modules and entry requirements may be updated. 2021 course web pages start to go live autumn 2020.

CU: life-shaped learning

CU is designed to make higher education more accessible and enjoyable for everyone. The difference between Coventry University and the CU offering is that you have the opportunity to move between one of our two campuses after completing an academic year¹.

CU Coventry

CU Coventry is located on the outskirts of the Coventry University campus in the heart of the city. We've invested heavily in a new £33m campus exclusively for CU Coventry students. This modern and inspiring learning space accommodates up to 3,000 students, and features teaching rooms, IT suites, engineering and science labs, a moot court and a café, as well as extensive breakout areas for social learning to make teaching more flexible.

CU Scarborough

CU Scarborough is our campus on the Yorkshire coast. In Scarborough, you'll find everything you would expect from a vibrant town by the sea. Scarborough is a remarkably beautiful place to study; there are the beaches, the North Yorkshire Moors and even a medieval castle guarding the town. CU Scarborough students have access to all the facilities needed to support their studies and student life, all located in the state-of-the-art £14m campus.

CU offers a range of full-time and accelerated courses at foundation and degree level. Our wide range of courses are in the following subject areas:

- accounting and finance
- acting
- biosciences
- business
- computer sciences
- cyber security
- engineering
- health including social care, nursing and early childhood studies
- law
- psychology and counselling
- policing
- marketing and public relations
- tourism, hospitality, business, sports and leadership management.
