How to make a payment to Universidad Panamericana with *flywire* ?

1. Chose your method of payment

On the UP CDMX portal on Flywire, enter and choose your country and the amount to pay, then click next

País o región *		Mex$	Cantidad *
Estados Unidos	⌄		0.00

La cantidad tendrá el formato de la divisa de destino, en este caso Pesos mexicanos. Es decir, 10,000.00 por diez mil MXN.

and choose the payment method of your preference:
- Payments with interbank transfer
- Payments with credit / debit card

2. Register your data

Register the following information:
- Payer information: In addition to completing the name and surname of the person who will make the payment, it is important to include your full address, city, country and zip code

- Student information: Complete the information requested by UP CDMX along with your student number.

- Check that the data entered is correct
3. Make your payment

Proceed to make the payment:
- Payments with Interbank Transfer: Download the instructions provided by Flywire and go to your institution or online banking to make the payment. The instructions should not be reused

- Credit/Debit Card Payments: Before paying, verify that your card is authorized to make international online transactions or if it requires a virtual card in addition to making sure it has the required limit for the operation. Check that the CVV and validity data are correct when filling out the form

4. Payment Delivered

Track your payment 24/7 via text message, the Flywire app or on flywire.com:

Flywire tiene sus fondos.

Each transaction has a UNIQUE identifying code, which allows you to track and activate support.
